Federal Milk Order 33  
Brunswick, Oh 44212  
By email only:

Re: Special request for statistical data.

Dear Mr. Walker:

At the forthcoming hearing in Wooster, Ohio, commencing March 7, I will be representing dairy cooperative associations, White Eagle Milk Marketing Federation and its members, Family Dairies, USA, handlers operating distributing and manufacturing plants, and other interested parties.

On February 16, I received a copy of data requests by DFA/MMPA, and was made aware that the hearing had been scheduled. I request that you prepare additional and supplemental data for use in the hearing. Please provide information requested by suggested format of the attached tables, if it can be aggregated and produced without undue burden or breach of confidentiality. If the months designated for non-annual data do not produce representative data, I invite you to select other months that more accurately reflect the market.

The data requested in Part 1 is, in substantial part, similar to data compiled at my request, and the requests of DFA and Dean Foods, for the recent Upper Midwest and Central Order hearings. Part 2 requests are for existing documents relevant to hearing issues.

Please contact me if you have any questions concerning this request. I would be happy to discuss with you ways in which the relevant information can be assembled and presented with greater efficiency, if necessary, during the time remaining before the week of the hearing, and to reorganize the data to avoid revealing confidential information protected by statute.

Sincerely,

John HVetne
